Session No E1			
Friday, June 14, 2024, 09:10-10:10 Hall E			
THEME		Deep dive in the FPA challenge	
Sub-THEME		The Current Frontier in Femoropopliteal Artery Treatment: Navigating Optimal Solutions and Future Directions in Outcomes Improvement	
Language		English	
MODERATOR		John R. Laird	
MODERATOR		Yoshimitsu Soga	
PANEL		Jun Jie Ng	
PANEL		Naoki Fujimura	
PANEL		Sorracha Rookkapan	
PANEL		Tomofumi Tsukizawa	
PANEL		Hiroto Aikawa	
PANEL		Liqiang Cui	
Time	Speech (min)	QA (min)	Title and Speaker
09:10-	5	2	Drug coated balloons for femoropopliteal disease - what's the latest? John R. Laird
09:17-	5	2	Learning from the Latest Japanese Nationwide Evidence: Insights and Implications for Future Research Yoshimitsu Soga
09:24-	5	2	Uniformity or Distinction Among Drug-Coated Balloons: Perspectives from Comparative Trials Koen Deloose
09:31-	5	2	Dissection and Residual Stenosis Evaluation: Pathways to Optimal Preparation Yusuke Tomoi
09:38-	5	2	Redefining the Role of Stentgrafts in the Modern Era of Drug Technology: A Call for Increased Utilization I-Ming Chen
09:45-	5	2	Optimizing IVUS Navigation: Distinguishing Essential from Superfluous in the Quest for Necessary Information Kazunori Horie
09:52-	5	2	Paclitaxel and Sirolimus: Navigating the Future with Two Pivotal

Pharmaceuticals – Exploring the Limits and Potential

Marianne Brodmann

09:59-

10

What is the "BEST SFA" treatment? DCB? STENT? PTX? Limus?
Atherectomy? Or Bypass?

Discussion

Session No E2			
Friday, June 14, 2024, 10:20-11:20 Hall E			
THEME		Deep dive in the BTK Challenge	
Sub-THEME		Unraveling the 'Best' Strategy for BTK Arteries: Insights from History and Visions for the Future	
Language		English	
MODERATOR		Ramon L. Varcoe	
MODERATOR		Shigeo Ichihashi	
PANEL		A Hafiedz A. Kartamihardja	
PANEL		Hiromi Miwa	
PANEL		Veera Suwanruangsri	
PANEL		Jen Kuang Lee	
PANEL		Yuichiro Hosoi	
PANEL		Fangda Li	
Time	Speech (min)	QA (min)	Title and Speaker
10:20-	5	2	Unraveling the Complexity: Why Managing CLTI Remains a Daunting Challenge with Unpredictable Outcomes Roberto Ferraresi
10:27-	5	2	Unlocking the Mystery: Why Treatments Succeed in SFA but Fail in BTK – Exploring the Reasons Behind the Paradox Nobuhiro Suematsu
10:34-	5	2	IVUS Insights: Why It should be standard in treating BTK lesions Saritphat Orrapin
10:41-	5	2	Mastering BTK Lesions: Dos and Don'ts Guided by WARRIORS Insights and Japanese Expertise Yosuke Hata
10:48-	5	2	After the Trailblazing Effort: Leveraging the Treasure from the LIFE-BTK Trial Ramon L. Varcoe
10:55-	5	2	Insights form the BIBLIOS: DCB still have chance to be a gamechanger of BTK disease? Koen Deloose
11:02-	5	2	Insights from the Spur OUS; Is it possible to prevent both reoil and neointima? Best wat to reduce the late loss

Marianne Brodmann

11:09-

10

Can we overcome the "weak points" of BTK angioplasty?

Discussion
